## Introduction

On the 1st of January 2014 the Child and Family agency became an independent legal entity, comprising HSE Children & Family Services, Family Support Agency and the National Educational Welfare Board as well as incorporating some psychological services and a range of services responding to domestic, sexual and gender based violence.

The Child and Family Agency is now the dedicated State agency responsible for improving wellbeing and outcomes for children. It represents the most comprehensive reform of child protection, early intervention and family support services ever undertaken in Ireland. It is an ambitious move which brings together some 4,000 staff and an operational budget of approximately €600m.

The Agency operates under the *Child and Family Agency Act 2013*, a progressive piece of legislation with children at its heart, and families viewed as the foundation of a strong healthy community where children can flourish. Partnership and co-operation in the delivery of seamless services to children and families are also central to the Act.

The establishment represents an opportunity to think differently, where appropriate to behave differently and to seek a wide range of views regarding the most effective way of working together to deliver a wide range of services for children and families. An approach which is responsive, inclusive and outward looking

Under the Child and Family Act, 2013 the Child and Family Agency is charged with:

- supporting and promoting the development, welfare and protection of children, and the effective functioning of families;
- Offering care and protection for children in circumstances where their parents have not been able to, or are unlikely to, provide the care that a child needs. In order to discharge these responsibilities, the Agency is required to maintain and develop the services needed in order to deliver these supports to children and families, and provide certain services for the psychological welfare of children and their families;
- responsibility for ensuring that every child in the State attends school or otherwise receives an education, and for providing education welfare services to support and monitor children's attendance, participation and retention in education;
- ensuring that the best interests of the child guides all decisions affecting individual children;
- consulting children and families so that they help to shape the agency's policies and services;
- strengthening interagency co-operation to ensure seamless services responsive to needs;
- undertaking research relating to its functions, and providing information and advice to the Minister regarding those functions;

- commissioning services relating to the provision of child and family services

The monthly performance activity report will contain data which is returned and validated during the reporting period. Returns are made on a monthly, quarterly, bi-annual and annual basis. The schedule for reporting of the various metrics is contained in appendix 2.

## 1.1 Number and percentage of Children in Care (by care type)

There were 6,490, children in care on 31<sup>st</sup> January 2014. This demonstrates a 0.5% increase over the December figure of 6,460 and a 2.2% increase over the January 2013 figure of 6,353.

Of the 6,490 children in care at the end of January 2014, 92.7% (6,014) of all children in care are in a foster care placement. This figure includes 4,153 (64%) in foster care general and 1,861 (28.7%) in relative foster care. Further analysis and breakdown of care types is provided below.

### i) Residential Special Care

0.2% (12) of all children in care at the end of January were in a residential special care placement. The regional breakdown of these placements was as follows: Dublin Mid Leinster 0.3% (5) Dublin North East 0.3% (5); South 0.1% (1) and the West 0.1% (1). There are 17 special care beds in the country:

Special Care Unit	Address	Gender Mix of Unit	Number of beds
Ballydowd	Dublin	Mixed Gender Unit	
Coovagh House	Limerick	Mixed Gender Unit	
Gleann Alainn	Co Cork	Female Unit	
High Support Unit	Address	Gender Mix of Unit	
Crannog Nua	Co Dublin	Mixed Gender Unit

## ii) Residential High Support

0.06% (4) of all children in care at the end of January were in a residential high support placement. The use of residential high support is being phased during 2014 to create additional capacity to provide placements for young people who are assessed as requiring special care.

The percentage of children in care in a residential high support placement when broken down by region is: Dublin Mid Leinster 0.2% (3) Dublin North East 0% (0); South 0.1% (1) and the West 0% (0).

### iii) Residential General Care

5.2% (336) of all children in care at the end of January were in a residential general placement.

Percentage of Children in Care in Residential General Care : 2014

Of the 336 children in a residential care general placement, 42% (141) are in a private placement. This demonstrates a 10.5% increase in the use of private residential placements in a 12 month period since January 2013. The breakdown of children a private residential placement in each region is: Dublin Mid Leinster 46.0% (52); Dublin North East 33.3% (30); South 42.3% (33) and the West 47.7% (26).

#### iv) Foster Care General

Percentage of Children in Care in Foster Care General : 2014

64% (4,153) of all children in care at the end of January were in a foster care general placement. This demonstrates a decrease of 0.2% on the December 2013 figure of 61.1% (4,140) and a 1.7% increase over the January 2013 return of 62.9% (3,993).

6% (250) of all children in foster care general were in a private placement at the end of January 2014. This demonstrates a 15.4% increase over same period last year (207). The percentage of children in a private placement in each region was: Dublin Mid Leinster 13.6% (135); Dublin North East 7.7% (69); South 1.7% (21) and the West 2.5% (25)

In December 2013 there were 4,235 foster carers approved and on the Foster Care Panel (Part III Regs). Of these, 2,882 (68.1%) were categorised as foster care general; 1,117 (26.4%) as relative foster care and 236 (5.6%) as private carers.

Between June 2013 (2,866) and December 2013 (2,882) there was a 0.6% increase in the number of foster carers (general) approved and on the Foster Carer Panel (Part III, Regs). September 2013 returned a figure of 2,912 which demonstrates a 1.0% decrease over the December 2013 figure.

#### (iv) Foster Care with Relatives (FCWR)

28.7% (1,861) of all children in care at the end of January were in a FCWR placement. This is a 0.3% decrease on the December 2013 figure 28.8% (1,858) and a decrease of 1.4% on the January 2013 return of 29.1% (1,851).

Percentage of Children in Care in Foster Care with Relatives : 2014

## v) Other Care Placements

At the end of January, 1.9% (124) of children in care were in an “other” care placement.

This care type includes:

- Children who may be at home on a care order under supervision as part of a re-unification plan;
- Young People placed out of state in a secure/non-secure facility;
- Young people subject to a care order but currently in a detention centre due to their offending behaviour;
- Young people placed in supported lodgings;
- Placement in a residential centre for young people with a disability.

## 1.2 Number and Percentage of Children in Care with an Allocated Social Worker

In accordance with the national standards for foster care, 100% of children in care must have an allocated social worker. 92.0% (5,972) of children in care (6,490) were allocated a social worker at the end of January, 0.2% up on the December figure of 91.8% (5,933). This compares to 91.5% (5,810) in January 2013, an increase of 0.5%. The following is a regional breakdown of the % of children in care with an allocated social worker:

Percentage of Children in Care with an Allocated Social Worker : 2014

- DML: 85.5%. Performance was below 80% in Dublin South West/Kildare West Wicklow (76.1%) and Midlands (72.5%).
- DNE: 89.0%. Performance was below 80% in Cavan Monaghan at 51.9%.
- South: 98.8%. No Area demonstrated a performance below 80%. Kerry met the target (100%)
- West: 93.2%. No Area demonstrated a performance below 80%. Mayo; Donegal and Sligo Leitrim West Cavan met the target (100%)

There are a number of social worker posts which have been approved for filling and are being processed as a priority by the National Recruitment Service. In addition to existing vacancy levels, the absence of staff on maternity leave has also had a significant impact on the capacity of some areas to allocate a social worker to all children in care. Action to address ongoing vacancies created by maternity leave is a priority in the Child and Family Agency Business plan for 2014. A graduate employment programme is also being introduced to address staff vacancies and to increase allocation levels.

**Percentage of Children in Care by Care Type with an Allocated Social Worker :  
January 2014**

- (i) **No. and % of children in residential special care with an allocated social worker:** 100% (12) of the children in care in residential special care at the end of January had an allocated social worker;
- (ii) **No. and % of children in high support with an allocated social worker:** 100% (4) of the children in care in residential high support at the end of January had an allocated social worker;
- (iii) **No. and % of children in residential general care with an allocated social worker:** 97.9% (329) of the children in care in residential general care (336) at the end of January had an allocated social worker;
- (iv) **No. and % of children in foster care general with an allocated social worker:** 91.9% (3,817) of the children in care in foster care general (4,153) at the end of January had an allocated social worker;
- (v) **No. and % of children in foster care with relatives with an allocated social worker:** 91.1% (1,696) of the children in care in foster

care with relatives (1,861) at the end of January had an allocated social worker;

- (vi) No. and % of children in other care placements with an allocated social worker:** 91.9% (114) of the children in care in other care placements (124) at the end of January had an allocated social worker

### 1.3 Number and Percentage of Children in Care with a Written Care Plan

The target for 2014 is that 90% of children in care will have a written care plan in the reporting period. 86.8% (5,631) of the total number of children in care (6,490) had a written care plan at the end of January. The number of written care plans was 0.7% down on the December figure (87.4%) and 0.6% down on the January 2013 figure (87.3%).

- **DML: 72.2%.** Performance was below 70% in Dublin South Central (54.8%) and Dublin South West/Kildare West Wicklow (59.0%).
- **DNE: 77.0%.** Performance was below 70% in Dublin North (65.8%)
- **South 96.8%.** No Area demonstrated a performance below 70%. Carlow-Kilkenny/South Tipperary ISA met the target (100%)
- **West 99.2%.** No Area demonstrated a performance below 70%. Mayo and Sligo Leitrim/West Cavan met the target (100%)

A significant level of vacancies in social work services continues to adversely affect performance in some areas. There are a number of social worker posts which have been approved for filing and are being processed as a priority by the National Recruitment Service. Outstanding children in care reviews and care plans have been prioritised for completion and social work staff have been reassigned to undertake this work. Targets have been set to ensure improvement within specific timelines. The drop in percentage of children with a written care plan refers to plans which have gone out of date in the month under review. Staff

vacancies and maternity leave adversely affected the capacity of some regions to ensure that all care plans were up to date. The number of out of date care plans in DML and DNE were due to the number which were due and could not be completed on time due to reduced staffing levels. These difficulties are a priority for attention in the 2014 business plan, with initiatives to replace staff on maternity leave and the introduction of a graduate employment programme later in the year.
