8. Time devoted to education of child / Time proposed to be spent on education of child

The informal or semi-informal nature of home-based education may make it difficult to estimate accurately the amount of time allocated to learning. Information under the headings below may be useful in establishing a general pattern of the educational provision.

- *the time allocated/to be allocated to the education of the child.*
- *whether learning is provided for in an open-ended manner, or whether learning activities are scheduled, or partly scheduled, using a timetable following a daily/weekly/monthly pattern.*
- *the estimated number of days during the year on which education is/will be provided.*
- *if any records are/will be maintained of the time/periods/days devoted to education.*
- *where child is engaged in an online programme, as detailed under 7(c) above, estimate the number of hours per day the child will engage in online education.*

9. Equipment and materials

Please provide brief details of some of the main items/publications/materials used to support the child's learning. These may include curriculum documents, specialised educational equipment, reference materials/textbooks, or everyday objects and materials including books, magazines, toys, videos etc.

10. Educational Activities

Give a brief account of the educational provision made / to be made for the child's learning including:

- *Provision for the development of literacy and numeracy skills; physical skills; social, emotional and moral.*
- *What are the main areas of learning for which provision is/will be made?*
- *What type of education is being/will be provided? Do any particular principles or philosophies inform the education?*
- *What approaches or methods are/will be used to facilitate learning? (e.g., autonomous learning, semi-structured approaches, structured learning, a mixture of these)*
- *If the education provided is based on any published curricula or learning programmes, please give details.*

NOTE: Meeting the requirements of a 'certain minimum education' does not mean that a child must follow any particular curriculum delivered in a school setting. However, if a child were to return to a formal school-based education at primary or post-primary level at any stage, parents/guardians, in planning a home education programme for their children, should be conscious of the curriculum requirements, and teaching and learning structures to which they may return.

11. Monitoring progress

Please give a brief account of how the child's progress is/will be monitored. Some points to consider may be:

- *How is/will the child's progress be monitored/assessed?*
- *Are/will any records be maintained of the child's progress?*
- *What considerations has been given to how the learning needs of the child are/will be met over a period of time and whether plans are/will be recorded?*
