Re: Update on Re-registration of Early Years Services

Date: 17th December 2019

Dear Registered Provider,

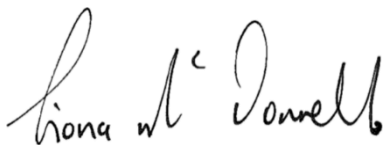

I wish to provide further reassurance in relation to your application for re-registration.

Firstly, I would like to thank all providers who applied for re-registration. Tusla is currently processing and reviewing all applications received.

I would like again to provide assurance to providers who made an application for re-registration that you will be re-registered and can continue to operate as normal from 1st January 2020. You will also receive a letter this week confirming your renewal of registration for three years.

If you have not yet applied, and still wish to do so, please get in touch immediately. If you have any further queries related to re-registration you can email ey.registration@tusla.ie or call 061 461700.

Yours sincerely

A handwritten signature in black ink that reads 'Fiona McDonnell'.
