Chairperson’s Foreword

It gives me great pleasure to present the second Annual Report of the Child and Family Agency. Tusla’s mission is, with the child at the centre, to design and deliver supportive, coordinated and evidence-informed services that strive to ensure positive outcomes for children.

In 2015, Tusla commenced the delivery of its three year Corporate Plan. This plan is underpinned by policy guidance and a performance framework provided by the Minister covering the period 2015-2017 and based on an identification of need to improve outcomes for children. The plan articulates five short term outputs which identify the key focus areas for the Agency in its first three years. This strategic direction informed the Agency’s 2015 business plan. The 2015 annual report provides an overview of progress and achievements in the year under review.

The Board has enjoyed an excellent working relationship with the Minister for Children and Youth Affairs, the Chief Executive and members of the Senior Management Team. I have also had the opportunity to meet with many members of staff at various meetings and events throughout the country and to hear first-hand the excellent work that is being undertaken by the Agency’s highly committed staff. I have been struck by staff enthusiasm for the Agency where, staff without exception describe a better, if still challenging, working environment.

A key focus for the Agency has been the development of an early intervention model and supported by Atlantic Philanthropies the Agency undertook a significant programme of work in this area.

Progress has proven to be challenging against a background of financial restrictions but reforms have been introduced, services have improved and Tusla is proving responsive to the needs of children by building on the strengths of families and communities.

Much has been achieved to date and highlights include:

• Service Delivery Framework Model implemented.
• Improved service delivery e.g. 21% reduction in cases awaiting allocation in 2015.
• Strengthened accountability with clear line management responsibility.
• Internal quality assurance and integrated performance reports to inform service improvement initiatives.
• Open and transparent communications about responsibilities and activities.
• Allocation of a budget based on needs analysis.
• Evidence Based Approach – National Policy Catalogue; Empowering Practitioners and Practice Initiatives (EPPI) and the early intervention programme PPFS (Prevention, Partnership and Family Support).

Finally, I would like to thank all Tusla staff and its strategic partners for their commitment to delivering high quality services to children and families.

Norah Gibbons
Chairperson
1.0 Introduction

1.1 Overview

The Child and Family Agency is now two years in operation after it was first established on 1 January 2014 as the dedicated State agency responsible for improving wellbeing and outcomes for children. The Agency was set up through merging Children and Family Services of the Health Service Executive (HSE), the National Educational Welfare Board and the Family Support Agency.

Tusla’s remit includes a range of broad-based and targeted services, as follows:

- Child Protection and Welfare Services, including Family Support Services;
- Family Resource Centres and associated national programmes;
- Early Years services regulation and inspection;
- Educational welfare responsibilities, including statutory Education Welfare Services, the School Completion Programme and the Home School Community Liaison Scheme;
- Alternative Care Services, including foster care, residential care, special care and aftercare;
- Registration and inspection of non-statutory children’s residential centres;
- Domestic, sexual and gender-based violence services;
- Services related to the psychological welfare of children;
- Assessment, consultation, therapy and treatment services (ACTS);
- Adoption services, including information and tracing.

Vision, Mission, Values, Behaviours

Tusla has developed an overarching vision as follows:

“All children are safe and achieving their full potential”

The Agency’s mission statement outlines Tusla’s core purpose and reason for being:

“With the child at the centre, our mission is to design and deliver supportive, coordinated and evidence-informed services that strive to ensure positive outcomes for children, families and communities”
Tusla has also committed to a set of values and associated behaviours to guide the Agency’s approach to delivering services to children and families. They are as follows:

**Courage and Trust**
- Reliable, committed and accountable;
- Professional, ethical and responsible;
- Willing to stand up for our values.

**Respect and Compassion**
- Putting the individual at the heart of our services;
- Protecting the most vulnerable;
- Respectful and considerate towards all.

**Empathy and Inclusion**
- Fair, responsive and transparent;
- Promoting collaboration and connected thinking;
- Taking a long-term, whole-system view.

### 1.2 Corporate Plan 2015-2017 and 2015 Business Plan

In accordance with section 41 of the Child and Family Agency Act 2013, Tusla prepared a Corporate Plan. This three year plan was underpinned by policy guidance and a performance framework provided by the Minister covering the period 2015-2017 and based on an identification of need to improve outcomes for children. The plan articulates five short term outputs which identify the key focus areas for the Agency in its first three years. The five short term outputs are:

- **Output A**: Tusla’s child protection processes and systems are responding to children at risk in a timely manner.
- **Output B**: All processes and systems underpinning children and family policy and services are evidence informed.
- **Output C**: A targeted range of family and parenting supports.
- **Output D**: Attendance, participation and retention in fulltime education is embedded in service delivery for all children.
- **Output E**: A fit for purpose organisation to deliver on our strategic intent.

Each year a Business Plan is prepared in accordance with the requirements of section 46 of the Child and Family Agency Act 2013. The 2015 Business Plan is the first business plan of a three year cycle based on the Agency’s Corporate Plan 2015–17. The 2015 Business Plan is available at www.tusla.ie
1.3 2015 Annual Report

Each year the Agency is required to publish an annual report in accordance with section 13 of the Act which states that the following is required:

- a statement of the activities undertaken by the Agency;
- a report in relation to the implementation of the Agency’s corporate plan;
- a report in relation to the implementation of the Agency’s business plan;
- an indication of the Agency’s arrangements for implementing the code of governance;
- particulars in relation to financial statements;
- other particulars that the Agency considers appropriate or as the Minister after consulting the Minister for Health and the Minister for Education and Skills may require;
- a report on complaints and reviews.

The 2015 annual report is the second annual report published by the Agency and the first published under the Corporate Plan 2015–17.

The main features of the 2015 annual report are:

- Corporate Plan 2015–17 Progress Year One;
- An overview of Tusla Board, Executive and Corporate Governance;
- Human Resources overview;
- Financial Information summary;
- Quality Assurance and Risk overview;
- Performance and Activity Information for 2015;
- Focus for 2016 – key priorities in the 2016 business plan.
This chapter outlines the 2015 Business Plan achievements organised according to the five short term outputs of the Corporate Plan 2015–17. Table 2.1 outlines the services or functions covered by each of the five short term outputs and the associated page number.

| **General Residential Services** | **2015 Business Plan Priorities** | • Established National Children’s Residential Services. The new service incorporates Special Care and includes centres from all regions.  
• Developed National Information System for CRS.  
• Established databases that provide real time oversights of demand, activity, performance and risk within the service. |
<p>| Children are placed in residential care in order to provide a safe, nurturing environment for them when they cannot live at home or in an alternative family environment such as foster care. The requirements for placing a child in a children’s residential centre and for the running of these centres are laid out in the Child Care (Placement of Children in Residential Care) Regulations 1995. Residential care aims to provide a physically, emotionally and psychologically safe space, in a planned way, in which children and young people can heal, develop and move forward in their lives. Residential care can be provided by a statutory, voluntary or private provider. | Establish National Children’s Residential Services (CRS) to put in place the operational and governance structures needed to deliver a national Children’s Residential Service. 3.0 Tusla Board, Executive and Corporate Governance

This section provides details of Tusla’s Board and Senior Management Team in 2015.

3.1 Tusla Board

The Board is the governing body of the Agency and was first established on 1 January 2014. Its membership includes a Chairperson, a Deputy Chairperson and seven ordinary members who have been appointed by the Minister. The Board members come from a range of health and social care professions and from industry and are recognised as having specific experience and expertise in matters connected with the Agency’s functions.

The Board is responsible for the appropriate governance of the Agency. It ensures that the Agency has effective systems of internal control, statutory and operational compliance and risk management. These provide the essential elements of effective corporate governance and compliance.

During 2015, the Board met on 11 occasions during the year and attendance is outlined as follows:

The Governance Committee:
Supports the Board’s responsibilities regarding governance. This committee did not meet in 2015 due to the resignation of the Chair of the Governance Committee from the Board. During this period the Board assumed the responsibilities of the Governance Committee.
3.2 Tusla Executive

The Chief Executive, together with the Senior Management Team, manages the implementation of strategy in line with the Agency’s statutory responsibilities and Corporate Plan. During 2015 the Senior Management Team comprised the following individuals:

- Gordon Jeyes, Chief Executive
- Fred McBride, Chief Operations Officer
- Colette Walsh, Director of Human Resources
- Brian Lee, Director of Quality Assurance
- Pat Smyth, Director of Finance
- Gerard McKieran, Director of Change and Special Projects
- Eibhlin Byrne, Director of Educational Welfare Services (Interim)
- Cormac Quinlan, Director of Policy and Strategy (Interim)

In 2015 a number of subgroups of the Senior Management Team were set up. These included:

- Employment Monitoring Group;
- Quality, Risk and Service Improvement Action Group;
- National Policy Oversight Group.

3.3 Corporate Governance

Tusla is committed to a high standard of governance by ensuring compliance with all statutory requirements and relevant codes of practice. The Agency’s establishment legislation, the Child and Family Agency Act 2013 (the Act), outlines the purpose, functions, regulations, procedures and powers of the Agency.

The 2009 Code of Practice for the Governance of State Bodies is issued by the Department of Public Expenditure and Reform and sets out standards of good practice in relation to Board leadership and effectiveness, remuneration, accountability and relations with stakeholders. A revised version of the Code of Practice for the Governance of State Bodies is due to be published in 2016 by the Department of Public Expenditure and Reform.

**Code of Governance**

The Agency is required under section 5 of the Act to prepare and submit a code of governance to the Minister for Children and Youth Affairs for approval. In 2015, the Board approved Tusla’s first *Code of Governance*. The purpose of the Code is to provide a framework of good practice corporate governance and oversight. Tusla’s *Code of Governance* comprises a number of guiding principles, standards, policies and other procedures which comply with the Agency’s statutory obligations, relevant guidelines and is in line with minimum standards of best practice. The Minister approved Tusla’s *Code of Governance* subject to some minor additions. It is recognised that corporate governance will continue to evolve and therefore Tusla’s *Code of Governance* will be reviewed and updated periodically.

---

2 Paul Harrison retired from this post in May 2015.
**Standards of Integrity and Codes of Conduct**

In 2015, the Board approved its *Standards of Integrity and Codes of Conduct* in accordance with section 36 of the Act and the Ethics in Public Office Acts 1995 – 2001. The *Standards of Integrity and Codes of Conduct* sets out a clear framework within which employees must work. The Agency expects those employed directly or indirectly or providing services or advice to, or on behalf of, Tusla to meet the standards set out for employees.

**Board Effectiveness Review**

In 2015, the Board commissioned an independent assessment of the effectiveness and performance of the Board in the context of best practice in corporate governance and in line with the 2009 Code of Practice for the Governance of State Bodies. The assessment involved:

- A review of documentation, Board and Committee papers;
- Online survey and one to one consultations with the Board and Senior Management Team;
- Assessment against best practice and the Code of Practice for the Governance of State Bodies 2009.

The overall conclusion was that individual Board members are satisfied that the Board works well and operates effectively. The Board was satisfied with the current mix of skills and experience on the Board and identified the skills and experience required when recruiting new members to the Board. The review also found that the Tusla Board provided good oversight to date by focusing on the priority issues to enable the organisation to transition from a start-up, survival to a position of greater sustainability. It is the intention of the Board to review in detail the recommendations of the evaluation process.

**Measuring Compliance**

Compliance checklists are used to assist in monitoring Tusla's compliance with the legal and governance obligations as set out in the Act and the Code of Practice for the 2009 Governance of State Bodies.

The checklists are designed to assist in the process of establishing, controlling, reviewing and assessing the Agency’s compliance. The compliance checklists, upon completion, are submitted to the Governance Committee of the Board and then submitted to DCYA.

In 2015, this process identified sufficient and appropriate evidence to demonstrate that Tusla is in compliance with its legal and statutory obligations and with the 2009 Code of Practice for the Governance of State Bodies.
4.0 Human Resources

The following section provides an overview of Tusla’s workforce during 2015.

4.1 Workforce Breakdown

At year end there were 3,460 whole time equivalent employees (WTE) working in Tusla. The total headcount at the end of 2015 was 3,911. Table 4.1 provides an overview of the workforce in terms of staffing category and WTE.

4.2 Absenteeism

In 2015, the level of absenteeism showed a decrease from 2014 which can be attributed in part to the introduction of enhanced monitoring and a new sick leave scheme. Absenteeism refers to unscheduled employee absences other than annual leave, public holidays, maternity leave and jury duty and table 4.2 outlines levels of absenteeism in the Agency by service group.

4.3 Employment Monitoring Group

In 2015, the Employment Monitoring Group (EMG) operated within the Agency’s employment control framework and approval processes. The EMG has the following responsibilities for employment monitoring in Tusla:

- Validation of requests against approved position;
- Consideration and approval of new service development requests;
- Consideration and approval of re-grading of approved positions;
- Approval of the manner by which the contract is to be filled, i.e. permanent / fixed term;
- Approval of temporary appointments to a higher position.

4.4 Recruitment

In 2015, Tusla recruited 297 new posts across a number of different disciplines, the vast majority of which were social work. The recruitment process was supported by the ongoing partnership with the HSE National Recruitment Services (NRS) and all recruitment activity was reported to the Commission for Public Service Appointments.

A review of recruitment took place in 2015 and as a result the Agency established its own recruitment service called Tusla Recruit. Tusla will continue to strengthen the recruitment team throughout 2016 and its relationship with recruitment partners in the HSE National Recruitment Service and the Public Appointments Service.

Table 4.4: Summary of Recruitment in 2015
4.5 Employee Relations

Throughout 2015 there continued to be positive engagement with staff representative bodies. The National Joint Council was established in 2014 and continues to meet every two months as a forum for discussion on relevant staff and management issues.

As part of the framework agreement, a clerical administration review commenced in 2015 and remains ongoing. The first phase was completed in 2015.

The memorandum of understanding (MOU) agreed between Tusla and the HSE on the establishment of the Agency continued to operate throughout 2015, thus assisting in ongoing employee relations matters at a regional level.

4.6 Workforce Learning and Development

Workforce Learning and Development (WLD) had responsibility for all learning and development activities within Tusla throughout 2015. A full programme of learning and development activities, identified through training needs analysis of staff and organisational priorities was provided throughout 2015.

In addition, WLD are leading on a range of initiatives such as bespoke leadership and management development programmes and the development of a framework for engagement with third level colleges.

4.7 Employee Health and Wellbeing

Employee Wellbeing and Welfare provides the necessary systems and processes to enable staff to reach and maintain their full potential to deliver a quality service. Tusla continued to work with the HSE under the agreed memorandum of understanding throughout 2015. Tusla took part in a Critical Incident Stress Management (CISM) Work Positive Review in the later stages of 2015 and it is envisaged that this review and recommendations, if agreed, will be implemented in 2016.
5.0 Quality Assurance and Risk

This section outlines the key quality and risk developments in 2015.

5.1 Self Evaluation and Quality Assurance

Tusla’s Quality Assurance and Monitoring Team is responsible for the monitoring and review of statutory residential, special care, child protection and foster care services. A number of reviews and monitoring activities took place during 2015. A risk and intelligence led approach is used to target areas/services where service improvement and monitoring activity is most needed.

Statutory Residential Centres

At the end of 2015, there were 37 statutory residential centres (excluding Special Care centres) operating. In accordance with the National Standards for Children’s Residential Centres, the Quality Assurance and Monitoring Team conducted a total of 117 monitoring visits in 2015.

Foster Care
The Quality Assurance and Monitoring Team for foster care undertake monitoring visits to assess compliance with the National Standards for Foster Care. A total of 57 monitoring visits were carried out across Tusla regions in 2015.

National Quality Reviews
Three national reviews were carried out in 2015 by the Quality Assurance Directorate;
2. National Review of Cases Awaiting Allocation to a Social Worker;

The National Review of the Standard Business Processes (SBP) examined how the SBPs were being applied by social work teams across the country. The SBPs are the standardised procedures and forms which social workers must adhere to when accepting a referral and undertaking the tasks of screening and initial assessment of a child abuse or welfare concern reported to them.

The National Review of Cases Awaiting Allocation was conducted to undertake a comprehensive risk analysis of unallocated cases and associated management and practice systems.

The purpose of the national review of the CPNS was to determine if children listed on the CPNS were appropriately listed and were being managed appropriately. Other factors in the review included considering if there is a correlation between the number of cases awaiting allocation in an area and low numbers listed as ‘active’ on the CPNS. The report of this review will be published in 2016 and will be used to inform service improvements.

An additional national quality review was commenced at the end of 2015 regarding retrospective cases of abuse. The purpose of this exercise is to establish clear metrics regarding the number of cases of retrospective abuse and review the systems to manage these cases.

5.2 Quality Assurance and Risk Structures
To support the implementation of quality, risk and service improvement systems throughout the Agency, a number of supporting systems and structures have been established. The structures set up in 2015 include a subgroup of the Senior Management Team called the Quality, Risk and Service Action Group. The purpose of this group is to scrutinise performance and quality information collected by the Agency to identify risks and opportunities for improvement that require action by the Agency. The other key national group is the Quality, Risk and Service Improvement Working Group. The purpose of this group is to connect all quality leads that represent the service delivery units in the Agency to collectively drive the quality and risk agenda throughout the Agency. To support these structures, regional and service level groups have been set up.
5.3 Quality Assurance and Risk Systems

In 2015, the following systems were established to strengthen governance and the quality of services delivered by the Agency:

- Corporate and Directorate Risk Registers;
- Quarterly Integrated Performance Report;
- Monthly national performance dashboard;
- Quality Assessment and Improvement Framework;
- Complaints Analysis reports;
- Implementation commenced of the National Incident Management System (NIMS);
- Business Plan Performance Tracker;
- Quality Assurance Audit Framework;
- Reform of internal monitoring and quality assurance of Tusla delivered services.

5.4 External Oversight

In 2015, Tusla was subject to significant oversight and external scrutiny by regulators and other supervisory agencies. These include:

- Adoption Authority;
- Comptroller and Auditor General;
- Court System;
- Data Protection Commissioner;
- Department of Children and Youth Affairs;
- Health and Safety Authority;
- Health Information and Quality Authority (HIQA);
- National Review Panel;
- Office of the Information Commissioner;
- Oireachtas;
- Ombudsman;
- Ombudsman for Children;
- Revenue;
- Special Rapporteur for Children on Child Protection;
- State Claims Agency.

Many of these external agencies conduct reviews and inspections of Tusla services or seek assurances that services are being delivered in accordance with statutory obligations and in line with best practice. For example, HIQA conducted 34 inspections of Tusla services in 2015. Senior managers are assigned to take responsibility for ensuring that recommendations and actions arising from reviews and inspections conducted by internal teams and external regulators are implemented. A tracking system has been established to monitor progress on recommendations and actions.
5.5 Complaints and Feedback

The following section outlines work undertaken with regard to the development of feedback and complaints processes in Tusla in 2015 and also provides an analysis of a sample of complaints received.

The development of a comprehensive feedback and complaints process is well underway within Tusla. The following suite of feedback and complaints policies, procedures and guidance were developed in 2015:

• Complaints and feedback policy entitled ‘Tell Us’;
• Staff guide to the complaints policy and process;
• Guide for members of the public;
• Young person’s guide;
• Guidance for staff around handling unreasonable complainant behaviour.

A comprehensive programme of work to support the implementation of the feedback and complaints system is ongoing and includes the following elements:

• Rollout of the National Incident Management System (NIMS) complaints module;
• Guidance and standard operating procedure for Complaints Officers;
• Guidance and standard operating procedure for Review Officers;
• Training for Complaints Officers and Review Officers;
• Staff briefing sessions;
• Development of complaints and feedback quarterly reports.

In 2015, Tusla worked with the State Claims Agency (SCA) to develop a Tusla specific complaints module for the National Incident Management System (NIMS). Tusla staff received training in the last quarter of 2015 and plans are in place to train additional staff in 2016. This will enable complaints to be logged and analysed on a national basis in 2016.

Within the existing framework for complaint reporting on the NIMS system, only complaints that are received at national level are available for analysis. In 2015, 195 complaints were received at national level. In 2016, following the full national roll-out of NIMS, it will be possible to analyse complaints information from all parts of the Agency.

Complaints received vary in complexity and the majority of complaints are multi-dimensional containing more than one issue of concern to the complainant. Table 5.3 outlines themes arising from the review of complaints in 2015 by percentage.
Tusla assessments and reports: in particular alleged failures to take into account the concerns of family members or to consider all the evidence available | 25.1%

Staff attitude | 14.4%

Lack of Child Sexual Abuse assessment teams | 2.0%

Lack of therapeutic services e.g. psychology | 2.0%

Table 5.3: 2015 complaint themes by percentage

5.6 Performance and Activity Reporting

In 2015, the Agency developed a new performance and activity reporting system. This included an integrated quarterly performance and activity report that outlines information in relation to all Tusla services in terms of financial, HR and operational information. The other initiative was the development of a national performance dashboard that is produced on a monthly basis. Both these reports are presented to the Board of the Agency and published on www.tusla.ie.
6.0 Financial Summary

The Child and Family Agency spends public funds on the provision of services to children and families. The duties relating to expenditure incurred by the Child and Family Agency are stringent in terms of accountability and transparency in order to fulfil the Agency’s responsibility for funding received from the Department of Children and Youth Affairs (DCYA). These duties are set out in the Child and Family Agency Act 2013 and in the Public Financial Procedures of the Department of Public Expenditure and Reform.

In accordance with Section 51 of the Child and Family Act 2013, the Agency has prepared Annual Financial Statements for 2015 and these have been audited by the Comptroller and Auditor General. The Financial Statements contain the following reports:

- Board Members’ Report for 2015
- Statement of Board responsibilities in respect of the Annual Financial Statements
- Statement of Internal Financial Control
- Report of the Comptroller and Auditor General
- Financial Statements for 2015
- Accounting policies
- Note and appendices to the Financial Statements.

As required by the Department of Finance, Code of Practice for Governance of State Bodies, under the aegis of the Department of Children and Youth Affairs, and Section 13 (2) (d) of the Child and Family Agency Act 2013, the Chairperson of the Child and Family Agency made a statement to demonstrate the Child and Family Agency’s arrangements for implementing a system of governance and financial control that includes the following:

a) The guiding principles applicable to the Agency as a public body having regard to its functions as defined in Section 8 of the Child and Family Agency Act 2013
b) The structure of the Child and Family Agency, including the roles and responsibilities of the Board and Chief Executive Officer (CEO).
c) The processes and guidelines to be followed to ensure compliance with the reporting requirements imposed on the Child and Family Agency by or under the Act
d) The Child and Family Agency’s internal controls, including its procedures relating to internal audits, risk management, public procurement and financial reporting
e) The nature and quality of service that persons being provided with or seeking services provided by the Child and Family Agency can expect.

This Statement on Internal Financial Control sets out how these duties have been carried out and includes an assessment of the corporate governance and risk management systems in place within the Child and Family Agency that have ensured these responsibilities have been met.

The Annual Financial Statement (AFS) and financial position is summarised in tables 6.1 and 6.2 respectively. A detailed summary of the AFS is provided in Appendix II. The full AFS is published as a separate document.

7.0 Focus for 2016

Each year a Business Plan is prepared in accordance with the requirements of section 46 of the Child and Family Agency Act 2013. The 2015 Business Plan is the first business plan of a three year cycle based on the Agency’s Corporate Plan 2015–17.

The 2016 Business Plan follows on from this and sets out an ambitious work plan which seeks to provide evidence-based, responsive services which always have the child at the centre. It identifies a number of priority areas and actions organised under the five short term outputs in the Corporate Plan and are summarised below:

Output A: Tusla’s child protection processes and systems are responding to children at risk in a timely manner.

| Child Protection and Welfare | • Ensure an approach to responding to referrals which consistently provides an efficient, effective and proportionate response.  
| | • Targeted national reduction of cases awaiting allocation by 60%.  
| Foster Care Services | • Increase the number of approved statutory foster carers.  
| | • Improve the percentage of general foster carers with an allocated link worker and other support arrangements.  
| | • Ensure 100% of children in care have an allocated social worker.  
| Residential Services | • Reduce dependency on residential care by developing intensive community based supports.  
| | • Ensure compliance with the new regulations for Special Care and meet registration requirements.  
| | • Conduct a review of the suitability of current residential services for older children with challenging behaviour and improve service capacity to meet their needs.  
| Adoption | • Publish *Children in Care to Adoption Handbook*.  
| | • Establish a secure, accessible and centralised interim archive for adoption records.  
| | • Reduce the waiting list for information and tracing services.  

### Output B: All processes and systems underpinning children and family policy and services are evidence informed.

| Policy and Strategy | • Establish governance framework to ensure consistent development of policies, procedures, protocols and guidance documents.  
|                     | • Implement Children First in line with legislative commencement dates.  
|                     | • Develop an Alternative Care Strategy  
|                     | • Implement new Aftercare legislation in line with legislative commencement dates. |

| Quality Assurance | • Implement the Quality Assurance Framework and complete self-assessment cycle in all Tusla services.  
|                  | • Conduct a review of child protection and welfare and children in care services to assess impact and the outcomes delivered for children.  
|                  | • Implement ‘Tell Us’ – Tusla’s complaints and feedback system.  
|                  | • Embed risk and incident management practices and systems.  
|                  | • Enhance integrated performance reporting and oversight systems. |

### Output C: A targeted range of family and parenting supports.

| Family Support | • Continue implementing Meitheal within the Agency and with partner organisations.  
|                | • Develop a National Strategy on Participation for Children and Young People.  
|                | • Integrate Family Resource Centres and counselling programmes into Tusla’s Service Delivery Framework.  
|                | • Ensure the readiness of Family Resource Centres to assist with the refugee resettlement programme. |

| ACTS | • Enhance the capacity of the ACTS Team to meet the needs of children in care who present with challenging behaviour.  
|      | • Provide services for children who exhibit sexually harmful behaviour. |

| Domestic, Sexual and Gender Based Violence | • Establish a full National DSGBV Service Team.  
|                                          | • Implement a standard monitoring and reporting framework for DSGBV.  
|                                          | • Contribute to the implementation of the Istanbul Convention. |

| Commissioning of services | • Implement the commissioning approach with all externally funded organisations.  
|                            | • Enhance governance arrangements with externally funded organisations. |

| Early Years Services Regulation | • Implement new inspection processes and systems based on the new regulations.  
|                                 | • Establish a Central Registration Office. |
Output D: Attendance, participation and retention in full-time education is embedded in service delivery for all children.

| Educational Welfare Services | • Implement an integrated approach to service management.  
|                            | • Establish a Caseload Management System.  
|                            | • Engage with the Department of Education and Skills’ DEIS review regarding the future roles of SCP and HSCL.  
|                            | • Develop and implement a plan based on the recommendations of the ESRI review of the SCP.  
|                            | • Continue to align EWS with Tusla’s Service Delivery Framework.  
|                            | • Establish systems to monitor the educational participation of all children in care.  
|                            | • Produce a policy to support vulnerable children’s participation in education.  
| Non-recognised Schools and Home Education | • Transfer Section 14 to Quality Assurance Directorate and reform the associated processes and systems.  

Output E: A fit for purpose organisation to deliver on the Agency’s strategic intent.

| Human Resources | • Recruit additional staff to address service risks and organisational capacity gaps.  
|                 | • Enhance supervision and performance management for all staff.  
|                 | • Reduce timelines for the recruitment of staff to vacancies from six months to four months.  
|                 | • Develop a strategic workforce plan.  
|                 | • Implement the Continuous Professional Development Plan.  
| Financial Management | • Implement effective financial management to ensure the Agency remains within its allocation for 2016.  
|                   | • Develop a Resource Allocation Model.  
| ICT | • Develop an ICT strategy for Tusla and improve ICT infrastructure.  
| Estates | • Ensure equitable access to HSE ICT infrastructure to facilitate networking, hosting and support for Tusla applications.  
| Organisational Design and Governance | • Implement the new organisation design under the Project Management Office.  
|                                        | • Conduct an evaluation of staffing requirements in respect of the new organisation design at all levels.  
|                                        | • Arrange for reorganisation of staffing in line with the evaluation, organisation design and infrastructural requirements.  
|                                        | • Establish a localised infrastructure to support service delivery e.g. HR, finance, business support.  

| Health and Safety | • Conduct an Agency-wide gap analysis regarding compliance with health and safety legislation.  
• Develop a programme of work to address risks identified by the gap analysis. |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Legal             | • Resource in-house legal services in order to reduce legal spend.  
• Establish an in-house system to review and analyse performance information regarding legal services.  
• Establish an in-house system for the oversight of member firms. |
| Communications    | • Improve internal communications.  
• Improve public awareness of Tusla’s functions and purpose. |

**Reform Programme**

In 2016, Tusla will embark on a comprehensive reform programme to address key structural and system challenges and to build on achievements to date. This programme will focus on the following areas:

• Development of a fit for purpose organisational model and structure;
• Establishment of a programme management office to support the reform programme and enhance project management capability in the Agency;
• Strengthening governance, including arrangements with section 56 and 59 organisations, risk management systems and self evaluation systems;
• Development and implementation of an information communication technology strategy;
• Development and implementation of Child Protection and Welfare Strategy;
• Development of a resource allocation model.
